Winter 2011-2012 Equipment Sale

Includes items that are used, refurbished, demo, shop worn, one-of-a-kind, discontinued, surplus, misordered, repossessed, rental, found in shop or under a salesman's desk

January 2012

All items in this flyer are priced FOB Rapid City SD. All items are to be paid for at time of purchase. New items may be added to our web site, please check at www.warnechemical.com. Warne Chemical & Equipment Co reserves the right to make changes in priced and/or description should an error be found. No warranty on used units and components (if works at our location).

1) 160-Gallon Sprayers

Two each, manufactured from new and excess inventory. 250 cc Briggs & Stratton Intec engine coupled to diaphragm pump, 22 gpm and 285 psi. No hose or handgun. **\$1,900 each**

2) Assembled to certify the Honda look-a-like Briggs & Stratton engine. 160-gallon tank, 127 cc Briggs & Stratton engine, diaphragm pump 150 psi and 22 gpm, skid mounted. No hose or handgun. **\$1,550**

3) PL855 Pro HD Plugger

30" aerator, self-propelled with hydrostatic drive, powered by a Honda GX200 engine, and new tines. **\$2,975**

4) Used Two Seasons

Monarch 3" cast iron pump with 9 hp Honda engine. **\$600**

5) Proto Type Sprayer

For larger UTV, Kubota, Gators, etc. 110-gallon low profile tank, 4 hp GX120 Honda engine with centrifugal pump, 24' breakaway boom, 6-gallon foam marker, and 3-section 12-volt solenoids. We put this unit together for larger turf areas and small crop fields. We used this unit for fall golf course spraying. Our evaluation is that the low profile tank does not completely drain when we lose priming with the centrifugal pump. Tank retains approximately three to five gallons. **\$2,900**

6) **Used One Season**

Approximately 280' of 3/4" 800 psi hose on 12-volt electric reel. **\$870**

7) **Used Bulk Transfer System**

5 hp B&S engine and 2" cast iron transfer pump, Tokiem mechanical meter, 1.5" manual reel and approximately 30' of 1.5" hose. Use to dispense chemical, fertilizer, or liquid feed. **\$690**

8) **Mefenoxam 2AQ Fungicide (Post patent Subdue Maxx)**

Two gallons. Half price at **\$245 per gallon**

Two quarts. Half price at **\$70 per quart**

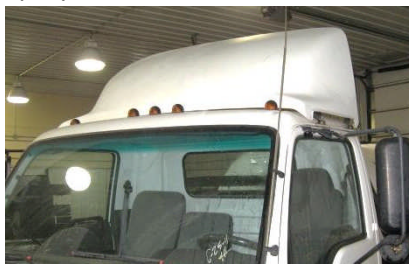

9) **Greentree Applicator**

Includes cart and harness. Used two seasons. **\$250**

10) **Fiberglass Air Deflector**

Fits 2000 to 2006 Isuzu NPR trucks. Deflectors make every spray truck look cool! **\$50**

11) **180-6R Boom Buster Nozzle**

Found in Timm's desk. **\$15**

12) **Verbenone Mountain Pine Beetle Repellent**

Two cases of 40 pouches each. This is a great buy for the individual who thinks they really work. **\$80 per case**

13) **CBR IV Spreaders**

70 lb capacity, pneumatic tires, used one season.

Two each at **\$245 each**

14) **Employee Damaged Engine**

Dropped sprayer off truck, dented fuel tank and muffler shroud.

New Honda GX160 with electric start and keyed shaft. **\$375**

15) **Stihl Back Pack Mister, Blower, or Granular Applicator**

Used one season for mosquito larvicide granular application. **\$325**

16) **Dosatron Injectors Model DI-150**

These are new and complete units but are discontinued models. Parts will be available for ten years.

Two units at \$225 each

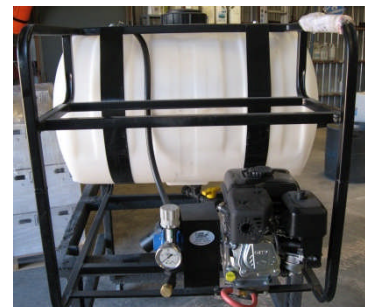

17) **12-Volt Electric Hose Reel**

Includes 300' of 5/8" 800 psi tree spraying hose. Used one season. **\$890**

18) **Prototype Unit - \$590**

Assembled for Briggs & Stratton to certify the newly designed 127cc engine for use with a Hypro 4-roller pump. 55-gallon sprayer with wrap around frame, 125 psi, 7 gpm. Nice, portable unit for UTV, pest control, weed spraying, etc. Does not include hose or handgun.

19) **Used**
SHURflo
110-volt pump,
1.4 gpm
\$25

20) **Used**
Complete set of truck racks, all
steel, approximately 77.5" x 91.5".
\$100

21) **200-Gallon Poly Tank**
Unit assembled from various new
components including a 5.5 hp
Robin engine, diaphragm pump
275 psi at 5 gpm, manual hose reel
with approximately 100' of hose,
and no handgun. **\$1,275**

22) **Used One Season**
Honda GX200 electric start engine,
with centrifugal pump 100 psi
max. Great lawn or weed spraying
pump/engine.
\$525

23) **UTV Sprayer (Proto Type)**
We built this unit to test out and
decide the next one will be
reconfigured. 100-gallon poly
tank with sump, Honda engine,
centrifugal pump (not
recommended for fertilizer),
double Boominator tips (right and
left), electric solenoid, hose reel
with 100' of hose, and handgun.
Redesigning unit putting hose reel
on driver's side. **\$1,600**

24) **Used Trade-in Sprayer**
200-gallon poly tank mounted in
saddle, electric start Honda engine
with centrifugal pump, manual
hose reel and hose. No handgun.
\$800
