Stopping, starting, or rounding a curve – regardless of the amount of liquid in the tank, the floating "Surge Buster" eliminates surge by constantly deflecting the load in over a thousand different directions. Makes transporting large volumes of liquid safer and less stressful for operators. Flexible design fits any size or configuration of tank. NFPA compliant for use in fire trucks

- One baffle per 30 gallons water
- Installs through tank top opening
- No interior attachments
- Works with or without existing baffles
- Safe for most chemicals and potable water
- \$24.90* each
- 10 or more – \$23.90* each
